

Celebrating
40 YEARS!

SASS WORLD CHAMPIONSHIPS ETNA GREEN, INDIANA

June 18-26, 2021 ~ Waddie Volunteer Program

END of TRAIL 2021 Waddie Volunteer Program

Many hands make light work, and END of TRAIL has been blessed for decades with a group of hard-working volunteers called Waddies. Waddies are a group of volunteers who, like their old west namesakes, do the things that help the operation run smoothly. The fact is, END of TRAIL would not happen without the hard work of EOT Waddies!

The Old West definition of a Waddie was a temporary hired hand; paid a dollar a day, food, and a place to throw their bedroll. Our team of dedicated Waddies travel from all over the country to lend a hand wherever they are needed. SASS® is extremely grateful for every one of them; past and present and extend our thanks to them for their spirit, their "Can do" attitude, and for carrying on this proud tradition.

Waddie opportunities are available for all SASS members. Thank you for considering joining the EOT Waddie Family!

☐

YES! I want to join the EOT Waddie Family!
